CLASSIFIED
BUYERS' GUIDE

Of the City of

MONROVIA

1924

Copied by Library of Congress

ARCADIA PUBLIC LIBRARY
ARCADIA, CALIFORNIA

The Buyers' Guide contains the advertisements and business cards of the most progressive business men and firms in our city, classified according to lines of business. The habit of using these Classified Lists will save the buyer large sums of money. It is the modern and up-to-date method of finding what you want and who sells it.

BANKS

Progressive and Safe

This bank has a body of shareholders whose aggregate resources run up into the millions. You know its reputation. A good reputation in banking can not be built in a day or a year, but is made slowly, as the years of careful management multiply.

This old institution is progressive and safe. It is built for the convenience of the people and has handled millions of dollars in deposits to the satisfaction of its customers. We are prepared to handle your account. May we not be of service to you?

ALL YOUR OWN

There are many objects for which you may save. The buying of a musical instrument; the providing for a college tuition; the preparation to meet a mortgage, or the creation of a fund to build a home, are all of a kind that may come up for your consideration. Just to think of a happy fireside and to know that it is all your own.

YOU SAVE PART OF THE PRICE OF A HOME:

MONROVIA

45 MINUTES FROM BROADWAY, LOS ANGELES

Monrovia, where the sunkist oranges grow, is situated 18 miles east of Los Angeles in the heart of the San Gabriel Valley orange belt along the foothills of the San Gabriel mountains at an elevation of from 450 to 1100 feet.

Monrovia, a city of more than 10,000 population, is served by the Santa Fe Railway System, the Southern Pacific Lines, the Interurban Pacific Electric Railway, and two of the famous paved highways of Southern California—Foothill Boulevard and Huntington Drive.

Industries---Ranches

Monrovia has a 108-acre manufacturing district upon which will be located the R. R. Colby Metal Industries, among which are tractor, automobile truck, vacuum street sweeper, automobile, iron foundry and machine shops; also the largest date packing plant in the world, the Valley Packing Association; eight citrus fruit packing houses, packing the famous "Sunkist" oranges, lemons and other brands; the Day & Night Water Heating Company with an annual payroll exceeding $100,000; the Pioneer Nursery, the second largest nursery in Southern California, with an annual payroll exceeding $100,000; the Coast Heater Manufacturing Company; the Twinko Broom Manufacturing Company; the B. R. Davisson Contracting cement pipe plant; hygiene products plant, general mill and sash door factory; a half million dollars invested in the poultry industry; and one of the principal avocado producing districts in the state; a modern ice plant; three newspapers; four banks; four lumber companies; creameries; light and power companies; modern laundry; telephone and telegraph companies and modern hotels. Beautiful homes, modern schools, all-year climate, unlimited water supply, suburban transportation, recreational facilities, first-class amusements, a splendid retail business district and public spirited citizens all tend to make Monrovia "The Gem City of the Foothills."

Monrovia is growing substantially and wise investment in business, land, houses, apartments, agriculture and manufacturing pursuits should be profitable to the investor.

Compare Monrovia's industrial and suburban home advantages with any other city and you will understand that it is only by comparison that Monrovia grows substantially with Los Angeles County.

Monrovia Grows with Los Angeles

General Offices: 524-528 Broadway, New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

MONROVIA

Street and Avenue Guide and Householders' Directory

In this department of the City Directory the streets are alphabetically arranged and described by giving the point of commencement of each street and its line of direction.

The number of each building on the street is given in the order of occurrence.

Following the number is placed the name of the householder occuping it.

The profession or business of individuals and firms is only given at their respective places of business; to find the occupation of householders, refer to Alphabetical List of Names.

ARCADIA

WHAT ARCADIA OFFERS

The finest climate in California.

All modern conveniences of living—electricity, natural gas, abundant water, telephone and telegraph.

Perfect roads, well paved streets and transversing the city two famous motor highways, the Foothill Boulevard and Huntington Drive.

Up-to-date business houses, a community church, $115,000 school buildings.

Transportation by Pacific Electric, Santa Fe, Southern Pacific and hourly stage lines.

Soil well suited for deciduous or citrus fruits and winter gardening.

Conditions ideal for poultry raising.

Arcadia has a population of 4,000. And its percentage of artistic and attractive homes, will compare favorably with any community in Southern California.

For further information, Address Chamber of Commerce.

ONE OF 200 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS —
SAVE MANY MILES, MINUTES and DOLLARS

There are over 300 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents—the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed —the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.
